

# 4<sup>th</sup> ICP International Conference of Pediatrics

In Collaboration With Prime Health Group

17<sup>th</sup> Oct Pre-Conference Workshop 2024

📅 17th - 19th | Oct | 2024

**21**  
Accredited  
Hours by DHA

**Movenpick Grand  
Al Bustan Hotel, Dubai, UAE**

**Organizing By:**

# Welcome Message

**It** is with My great pleasure and honor that I welcome you to attend the 4th International Conference of Pediatrics (ICP) on the 17<sup>th</sup> Oct,2024 Pre-conference workshops & 18<sup>th</sup> and 19<sup>th</sup> Oct,2024 the conference Date , at Movenpick Grand Al Bustan Hotel ,Dubai, UAE.

This conference will provide an opportunity for lecturers and attendees to discuss the new updates in many fields of neonatology and pediatrics. Your international and local colleagues and I will be speaking in small lectures to remind us about the basics of pediatrics and neonatology and to keep us updated about the new guidelines in practice.

This conference will offer many comprehensive and educational lectures about different aspects of pediatrics, including infectious diseases, pediatric allergy and asthma, dermatology, cardiology, pulmonology, neurology, nutrition, and updates in vaccinations.

The conference will be open to many attendees, including physicians, nurses, educators, pharmacists, medical students, and other healthcare workers interested in pediatrics.

The ICP Conference will be the 4th Extension of 1st, 2nd & 3rd conference has already scored impressive Success.

This Year 2024 the ICP will be for 3 days, First Day will be a workshops about important topics in Pediatrics through interaction with attendance, & second and third day will be the lectures about the update knowledge in pediatric through professional Speakers.

Your attendance is highly appreciated to be one hand in giving our patients the scientific knowledge in our daily practice in clinics.

**Dr. Rafia Owera**

President of the Conference  
Specialist Pediatric, Medical Director  
Prime Medical Center Jumeirah,  
Syrian Board

Prime Healthcare Group LLC was founded by Dr. Jamil Ahmed an Orthopedic Surgeon trained in India and Germany, in partnership with some prominent local partners with a vision of becoming “the most respected healthcare provider in the region” by offering personalized, comprehensive and affordable quality healthcare with most effective treatment outcomes through the best-in-class professionals. The very first out-patient center was started in October 1999.

PRIME is now amongst the UAE’s leading healthcare service provider today and well-known brand with its team of over 350 physicians and 1000 supporting professionals providing state-of-the-art medical care to the UAE’s citizens and residents. All dedicated to making the country a benchmark for superior healthcare solutions. The team of physicians handpicked on the basis of their exemplary credentials and expertise in diagnosis and treatment.

In fact, this expertise coupled with some of our core values of Transparency, Customer Centricity, Quality Consciousness, Cost Effectiveness and Speed of action played an integral part in the Prime Healthcare Group being conferred the Dubai Quality Appreciation (DQA) Award in 2012 for the second time, the first being in 2007. We were commended by the Dubai Government’s Department of Economic Development for excellence in the areas of high service quality, appreciable level of customer satisfaction, strategic branding, employee care, frequent free health check-ups and health awareness programs under our community outreach program. Prime Healthcare Group has revealed being awarded ‘Superbrands’ status for the third straight year demonstrating its excellent performance as one of the country’s top healthcare companies. Furthermore, Prime Medical Centers were recently recognized as the “Sharjah Top 10 Businesses Award 2017” at this year’s Sharjah Economic Excellence (shjSEEN) Award, the emirate’s most exclusive business award program organized by Sharjah Chamber of Commerce and Industry

Prime Hospital and Prime Medical Center were recently awarded at the Annual Health Awards 2018 as one of the most ‘Distinguished Hospitals’ and ‘Distinguished Clinics’ in the UAE in recognition of their invaluable contributions to the region’s healthcare industry. The 2nd edition of the awards was jointly organized by the Dubai Health Authority (DHA) and HEALTH magazine.

“Personalized care, personally” – is a key guideline that drives the entire service process and is owned by all the staff at Prime. A philosophy practiced at all levels in the group with the following verticals for its customers, business partners and stakeholders.

#### Vission

“To be the most respected healthcare provider in the region, offering the most effective treatment outcomes through the best in – class professionals”

# Dubai

is the most populous city and emirate in the United Arab Emirates (UAE), and the second largest emirate by territorial size after the capital, Abu Dhabi. Dubai is located on the southeast coast of the Persian Gulf and is one of the seven emirates that make up the country. Abu Dhabi and Dubai are the only two emirates to have veto power over critical matters of national importance in the country's legislature. The city of Dubai is located on the emirate's northern coastline and heads up the Dubai-Sharjah-Ajman metropolitan area.

Dubai hosted World Expo 2021. Dubai has emerged as a global city and business hub of the Persian Gulf region. It is also a major transport hub for passengers and cargo. By the 1960s Dubai economy was based on revenues from trade and, to a smaller extent, oil exploration concessions, but oil was not discovered until 1966. Oil revenue first started to flow in 1969. Dubai's oil revenue helped accelerate the early development of the city, but its reserves are limited and production levels are low today, less than 5% of the emirate's revenue comes from oil.

The emirate's Western-style model of business drives economy with the main revenues now coming from to aviation, real estate, and financial service.

Dubai has recently attracted world attention through innovative large construction projects and sports events city has become symbolic for its skyscrapers and high building, in particular the world's tallest building, Burj Khalifa.

## About Dubai

# President of the Conference

**Dr. Rafia Owera**

President of the Conference  
Specialist Pediatric, Medical Director  
Prime Medical Center Jumeirah,  
Syrian Board

**Dr. Rajendra M. Joshi**
